

# Type specimens of the Gymnospermae in the Herbarium of the Martin-Luther-University, Halle/Saale (HAL)

Uwe Braun

Original published in: *Schlechtendalia* 1: 15-18, 1998.

---

*Juniperus tetragona* Schltld., *Linnaea* 12: 495, 1838, type not present in HAL<sup>1</sup>.

*Pinus ayacahuite* Ehrenb. ex Schltld., *Linnaea* 12: 492, 1838, type not present in HAL<sup>1</sup>.

Note: Erroneously, Farjon und Styles (1997: 200) mentioned that the lectotype of this species is in HAL. The lectotype have to be selected from the syntypes at GOET, MO and US.

*Pinus ehrenbergii* Endl., *Syn. Conif.*: 151, 1847; isotype: "Mexico: bei Real del Monte, C. Ehrenberg no. 915, XII. 1837", HAL 064899.

*Pinus leiophylla* Schltld. et Cham., *Linnaea* 6: 354, 1831; holotype: "Mexico: Inter Cruz blanca et Jalacingo, Schiede, XI. 1828", HAL 064903.

*Pinus llaveana* Schiede in Schltld., *Linnaea* 12: 488, 1838, type not present in HAL<sup>1</sup>.

Note: Erroneously, Farjon und Styles (1997: 232) mentioned that the lectotype of this species is in HAL.

*Pinus oocarpa* Schiede in Schltld., *Linnaea* 12: 491, 1838, type not present in HAL<sup>1</sup>.

Note: A neotype is in FHO (Isoneotypus: K) [Farjon and Styles (1997: 152)].

*Pinus patula* Schltld. et Cham., *Linnaea* 6: 354, 1831; lectotype: "Mexico: Inter Cruz blanca et Jalacingo, Deppe et Schiede, XI. 1828", HAL 33087.

*Pinus teocote* Schltld. et Cham., *Linnaea* 5: 76, 1830; holotype: "Mexico: Ad radices et in adscensu montis Orizabae, Schiede, IX. 1828", HAL 064906.

*Taxus globosa* Schltld., *Linnaea* 12: 496, 1838, type not present in HAL<sup>1</sup>.

*Prumnopitys elegans* Phil., *Linnaea* 30: 732, 1860; type: "Chile, Valdivia, Philippi, 1851-1860", HAL 078353.

*Ephedra alte* C. Meyer, *Vers. Monogr. Ephedr.*: 75, 1848, type: "Arabice: Alte, ad rupes vallis Raphidim, Schimper, 20. VII. 1835", HAL 072102.

## Reference

Farjon, A. & B. T. Styles (1997): *Pinus* (Pinaceae). *Flora Neotropica Monograph* 75: 1-293.

## Note

<sup>1</sup> The type of this taxon described by Schlechtendal is not present in HAL. Later a complete list of species described by Schlechtendal will be given.
